

**INCOME CERTIFICATION FOR WINERY PILOT PROGRAM  
FOR SPECIAL OCCASION EVENTS ON PRESERVED FARMLAND  
Calendar Year 2015**

Pursuant to P.L. 2014, ch. 216, an owner or operator of a winery that conducts special occasion events on preserved farmland must annually certify to the county agriculture development board that the winery's gross income from special occasion events accounted for less than 50 percent of the winery's annual gross income during the prior calendar year. The CADB is required to forward the certification to the State Agriculture Development Committee (SADC).

**Gross income from special occasion events** means admission fees; rental fees; setup, breakdown and cleaning fees, and all other revenue that is not directly related to the agricultural output of the winery but is received by the winery in conjunction with conducting a special occasion event on preserved farmland.

It does not include wine sales or income derived from the sale of complementary and supplementary products related to the winery's wine, such as wine glasses, winery-branded T-shirts, bottle openers, etc.

**Annual gross income** means all of the winery's income for the calendar year, including from special occasion events.

I certify that for the **2015 calendar year**, the winery's gross income from all of the special occasion events on preserved farmland accounted for \_\_\_\_\_ percent of the gross income of the winery.
